

Jeyachandran J

07418800609 | j.jeyachandran072@gmail.com | Rajapalayam, TamilNadu

Skills

C, C++, Python, Java, JavaScript, ReactJS, Node.js, MongoDB, SQL, Linux, GitHub

Experience

Fabromant | Erode, Tamil Nadu

Web Developer | 11/2023 - 04/2024

At Fabromant, I specialize in developing e-commerce websites using React.js, Node.js, and React Native. My role encompasses creating intuitive user interfaces and ensuring seamless functionality across web and mobile platforms.

Centillion Labs | Erode, Tamil Nadu

Web Developer | 12/2023 - 02/2024

At Centillion Labs, I develop frontend and backend components for the Aristatal AI website using React and Flask. I integrate Bootstrap for responsive design and work with AWS services like DataDog and SonarCloud for monitoring and code quality analysis. Additionally, I create documentation for the BackStage to facilitate understanding and usage of our backend systems and APIs.

Education

kongu engineering college | Erode, TamilNadu

artificial intelligence and machine learning | 05/2026

My academic achievements include winning several hackathons and coding contests.

I won 2nd place in the E-Horizon Hackathon titled "Hall Arrangement" during a 3-day event.

In the HackSphere Hackathon, I won 1st place with the title "Event Management" within a 24-hour timeframe.

I won 1st place titles in Thinkathon, for "Stream Processing Optimization,"

and in two coding contests. Furthermore, I was awarded the 1st prize for project presentation in Chat Genius.
